The Half Million Dollar Baby

THE TRUE COST OF HAVING A KID

What does it actually cost to raise a child?

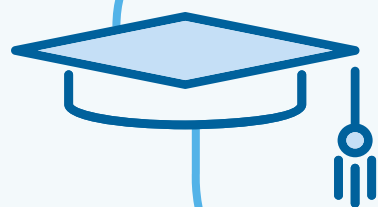

A hospital bill for a **childbirth** can run quite high. Births can cost as much as **\$70,908**, depending on a wide variety of factors.¹ Not to mention the costs associated with prenatal care.

Kids have to eat. **Food costs** can average almost **\$2,500** a year according to the USDA. That's almost **\$45,000** spent feeding a child by the time they're 18.²

For households with two working parents, **hiring help** can be costly, averaging between **\$10,400** and **\$29,400** per year, depending on the type of care given.³

Children require an estimated **\$1,263** in **medical expenses** every year. That's over **\$22,000** by 18.²

The cost of **college** at a private institution topped **\$33,000** a year for the 2016-17 school year.⁴

Children outgrow their clothes fast! One estimate says the cost of **clothing a child** can be more than **\$1,300** a year, adding up to **\$23,000** to keep your kid warm.²

A bigger car, higher insurance, an extra plane ticket. **Transportation** is a cost not often thought about when planning for a child, but those costs can average **\$3,263** a year! That's a lot of gas money!²

Children need a **place to sleep**. A larger home, furnishings, and the costs that go with each can run a family over **\$9,000** a year. **\$162,000** by the time the child is 18.²

BY AGE 18 THAT
COULD ADD UP
TO OVER

\$500,000
