

PEACE OF MIND CHECKLIST

If you're like most people, your life has been recorded through a series of important legal documents. When major life events occur, it can be difficult to find critical items. Organizing those items properly is a very wise use of your time.

In today's busy world, our lives are constantly changing. As we transition through life's experiences—new jobs, buying a home, planning for retirement or experiencing a death in the family—we come to value the organization of our important documents.

Unexpected circumstances can be stressful enough without the added worry of quickly locating those required documents..

This **PEACE OF MIND CHECKLIST** was created to be a simple tool for organizing the vital documents of your life. Make sure your family, as well as your financial professional, attorney, accountant and your executor, knows where these documents are located. Knowing where all of your important documents live may be one of the easiest, but most valuable gifts you can give yourself and your family.
